## July 2012 Teacher briefings

# UPDATE

This year has seen some great developments to the Northumberland teaching and learning environment with the addition of:

- a fantastic new website creation and management tool - take a look online at Shanklea Primary Schools' new website on the left and see what a great job they've done in just a few weeks.
- linked to this we have also added a great new web logging tool, which allows pupils and staff to blog work live to the internet straight from lessons.
- Shanklea's website links to the blogging pages and is a good example of how the two connect together and can be accessed from their website by clicking on pupil work.

Things don't stand still with ICT and already we have lots of new developments and ideas for the Autumn planned.

These update meetings provide information on some of the developments and we hope you can attend one of the teacher briefings around the County. The aim of the briefings is to update teachers (any not just ICT coords) on the developments that are taking place.

So come along and find out what's happening now and in the future.

The dates are:

5th July Hepscoth Park  
9th July Hexham East  
10th July Alnwick South  
All - 4.00 - 5.00 p.m.  
Contact

book a place

Celebrating pupil  
work online couldn't be  
easier and is a great  
way to engage parents  
and motivate pupils.

# UPDATE SUMMER 2012
